

Curriculum Vitae

Dr. Anthony B. Sims *Dr. Anthony B. Sims received his D.D.S. degree from Ohio State University in 1983. He has had a general dental practice for over 30 years and is currently in Columbia, Maryland, where he also treats TMD and snoring/sleep apnea patients. He enjoys the systematized application of how dentistry interrelates with the many different types of movement disorders. He is a member of the American Academy of Craniofacial Pain, National Spasmodic Torticollis Assoc., Reflex Sympathetic Dystrophy Syndrome Assoc., and The International Association for Orthodontics. He has spoken in the United States and Europe on the perspective dentistry has on the possible abeyance of certain movement disorders. He has published the results of his treatment in peer-reviewed journals. To view the discontinuance of movement disorders associated with Tourette's syndrome and other disorders go to <http://www.bodymovementdisorders.com>*

Author:

- 1) Suppression of movement disorders by jaw realignment. *Pain Med.* May 2012
- 2) Spasmodic Torticollis: The Dental Connection. *J of Craniomandibular Practice:* 2012 Jul
- 3) A Possible Dental Connection for Spasmodic Torticollis. *Dystonia/Spasmodic Torticollis journal:* 2012
- 4) Proteomic signature of Temporomandibular Joint Disorders (TMD): Toward diagnostically predictive biomarkers. *Bioinformation* Jan. 2011
- 5) An intraoral neurocranial vertical distractor appliance provides unique treatment for Tourette's syndrome and resolves comorbid neurobehavioral problems of obsessive compulsive disorder. *Medical Hypothesis Journal* Aug. 2010
- 6) The Relationship between Posture and Equilibrium and the Auriculotemporal Nerve in Patients with Disturbed Gait and Balance: *J of Craniomandibular Practice:* Oct. '09
- 7) Tourette's syndrome: a pilot study for the discontinuance of a movement disorder. *J of Craniomandibular Practice* Jan. 2009

Lecturer:

- 1) 2014 National Spasmodic Torticollis Association – Dentistry's involvement with Torticollis
- 2) 2013 National Spasmodic Torticollis Association – The Possible Neurology of Torticollis Through Dentistry
- 3) 2012 American Academy of Craniofacial Pain – Dentistry and Movement Disorders
- 4) 2012 National Spasmodic Torticollis Association – Mechanism between Dentistry and Torticollis
- 5) 2011 Imaging Neuroinflammation and Neuropathic Pain symposium – RSDSA

- 6) 2011 National Spasmodic Torticollis Association
- 7) 2011 Special Education Rehab Seminar - Shoreline College
- 8) 2011 Johns Hopkins Dental – Movement Disorders
- 9) 2010 National Spasmodic Torticollis Association
- 10) 2010 Univ. of Maryland neurology - Tourette's syndrome
- 11) 2010 La Jolla hospital – Tourette's and Torticollis
- 12) 2009 British Society for the Study of Cranio Mandibular Disorder – Tourette's syndrome
- 13) 2009 Korean Tristate Dental – Tourette's syndrome
- 14) 2007 TMJ Dysfunction and its Treatment: Fairfax, VA

Trial Studies

- 1) TictocStop: 11 children with TMJ/Tourette's syndrome: Feb 2014 – March 2014
- 2) Tourette's syndrome Association of America: Double blind study of TMJ and TS

Memberships

American Academy of Craniofacial Pain: Diplomat; 2000-present
International Association for Orthodontics 1988-present
American Academy of Functional Orthodontics 1988-present
American Dental Association 1983-1990
National Dental Association 1983-1990
